WORLD WHISKIES

by Champagne DUMANGIN J. Fils

The Power of Whiskey combined with Ratafia Champenois' Velvet. Over time and his numerous visits to distilleries, Gilles Dumangin has become a collector of the most beautiful "World Whiskies". Intimate, confidential or even eclectic, his most beautiful bottles come straight from Scotland, Ireland, the Netherlands, Taiwan, India, Japan or even the United States ... Lover of the noblest of spirits who, like Champagne wine, is a matter of time, knowledge, terroir and experienced know-how, the winemaker is now expanding his know-how through an emblematic collection of 6 exceptional whiskies with a strong character and various aromatic profiles.

BATCH 005 BOURBON WHISKEY 28.5 % RYE

Thanks to numerous sales trip to the US, Gilles also discovers another passion for Bourbons. Main component in Bourbon is corn (mini 51% for bourbon), Gilles prefers Bourbons with an higher Rye content. He has acquired several barrels with different content of rye to make his own blend, another Champagne Twist ☺. Bourbon has to be aged in new barrels for the 3st 3 years of its life in the US.
